ABOUT THE CONFERENCE

From feedback received, the previous Congresses(1st World Cancer Congress at Kolkata, 2nd World Cancer Congress at Bangalore and 3rd World Cancer Congress at Mumbai) resulted in fruitful collaborations and rewarding experiences for the delegates who left the events with concrete tools and solutions that helped them enhance their work practice and impact. As hosts, we already feel very excited to create the same energetic and inspiring atmosphere during the Congress week in New Delhi, adding local flavors and new perspectives such as the role of complementary treatment in cancer to the programme.

The 4th World Cancer Congress - 2021 has been scheduled from 20th -21st March, 2021 at New Delhi, India. The Theme of this year conference is “Exploring the New Horizons in Oncology & Cancer Research” The Conference is being organized by Arjyopa Healthcare LLP. The 4th World Cancer Congress - 2021 is an International Collaborative Conference, where Cancer Researchers from over 60 countries, in different stages of their careers, come together to discuss the latest developments in Cancer Research and Treatments.

Cancer is the second leading cause of death worldwide. It's crucial to remember that cancer is not one disease – it's more than 200 cancer diseases involved. All different, unique diseases, which require different approaches for treatment. Treatments that work for some cancers don't work for others and sometimes those treatments simply stop working. Only worldwide research will enhance our understanding of cancer and help us find and develop better, more effective treatments. And only a global search for answers will help us get to grips with this disease. . The conference will provide with an exceptional opportunity for the delegates from Universities and Institutes to interact with the world class Scientists and Industry Professionals working in the field of cancer research. The conference will provide with an exceptional opportunity for the delegates from Universities and Institutes to interact with the world class Scientists and Industry Professionals working in the field of cancer/oncology.

The Focus of the Conference is on Cancer Stem Cells, Cancer Basic & Applied Research Tumor, Anti-Cancer Drug Discovery, Clinical Oncology and Personalized Cancer Medicine. It will give us novel insight into the complexity of the connections between Cancer and Metabolism & Immune Checkpoints, Cancer Biomarkers, Cancer Epidemiology, Cancer Prevention & Research, Cancer Therapy & Treatments, Cancer Pharmacology, Cancer Vaccines, Cancer Immunology & Immunotherapy, Oncology Nursing and Care, Complementary & Alternative Methods and Cancer, Cancer Awareness and Survival, Cancer: Lifestyle and Nutrition, Cancer: Psychological & Social Aspects, to deliver an outstanding program with the right balance of clinical relevance, which covers the entire spectrum of practice issues in Cancer Research and Treatments.

The 3rd World Cancer Congress - 2019 which was held at Mumbai had hosted more than 600+ delegates coming from different parts of the globe. The 3rd World Cancer Congress - 2019 has hosted more than 15+ Keynote Speech, 120+ Oral Presentation and 60+ Poster Presentation. The Conference was Chaired by Padmashri Dr. Ramakant K. Deshpande and the summit was inaugurated by Padmabhushan Dr. Suresh H. Advani. The 3rd World Cancer Congress - 2019 had received participants from 60 members countries. Moreover the Summit was sponsored by Industry giants like AstraZeneca, Datar Cancer Genetics Limited, Dr. LalPath Labs, Ansell Protective Private Limited, Thermo Fisher Scientific, Advanced Biotech Products Pvt. Ltd, Arjyopa-An Open Access Publisher.

CHAIRMAN MESSAGE

On behalf of the Organizing Committee, it is my pleasure to invite all of the great scientists, academicians, young researchers, Business delegates and students from all over the world to attend the 4th World Cancer Congress – 2021 which has been scheduled from March 20th – 21st, 2021 at New Delhi, India

The Worldwide Cancer Diagnostics advertise is relied upon to develop from \$8.54 billion out of 2016 to reach \$22.41 billion by 2023 with a CAGR of 8 %. Expanding frequency of cancer illnesses, developing mindfulness about human services, and later mechanical progressions in symptomatic gadgets are a portion of the elements moving the market development. Moreover, ideal government repayment approaches, expanding interests in innovative work exercises are some different elements boosting the market development amid the estimated time frame.

The 4th World Cancer Congress - 2021 will also explore the new ideas and concepts on global scale and the topics Cancer Biology & Genetics, Organ-Defined Cancers, Oncology: Sub-Specialities, Radiation Oncology, Surgical Oncology, Cancer & Stem Cell Therapy, Precision Cancer Medicine & Oncology, Cancer Biomarkers, Cancer Epidemiology, Cancer Prevention & Research, Cancer Therapy & Treatments, Cancer Pharmacology, Cancer Vaccines, Cancer Immunology & Immunotherapy, Oncology Nursing and Care, Complementary & Alternative Methods and Cancer, Cancer Awareness and Survival, Cancer: Lifestyle and Nutrition, Cancer: Psychological & Social Aspects

I sincerely hope that this conference will deliberate and discuss all the different facets of this exciting topic and come up with recommendations that will lead to a better, healthier, merrier world.

Do save the dates from 20th – 21st March, 2021 and I look forward to welcoming you to the “4th World Cancer Congress – 2021” in New Delhi, India

With Best Regards
